

Natural Soap Bar in Pakistan

Natural Solution Soap Bar

Organic & Natural With Activated Charcoal,

Soap bars

Instead of using soap bars with harsh chemicals, preservatives, and scents, why not treat your skin and the environment to natural, pure, and natural soaps and cleansers? They clean filth just as well, with the extra advantage of smoothing and calming the skin, as well as giving nourishment, exfoliation, and healing, depending on the substances in the [soap bar](#) you pick. Clearly, the Natural Soap bar is a fantastic method to do this.

Natural Soap Bar

Pure [Natural soap bar](#) contains no animal products, which is a boon to our ecosystem. Other ingredients you will NOT find in soap are all things artificial; such as artificial scents, colors, petroleum, or preservatives like sodium Lauretha sulfate or sodium lauryl sulfate (ingredients that so many people are allergic to).

CHARCOAL SOAP BAR

- Sodium Chloride (Himalayan Pink Salt)
- Butyrosepermum Parkii (Shea butter)
- Helianthus Annuss (Sunflower) Seed Oil
- Sodium Palmitate
- Sodium Palm Kernelate
- Activated Charcoal
- Vitamin E
- Natural Origin Ingredients

Beauty Soap Bar

Our [Beauty soap bar](#) features a unique blend of Himalayan Pink Salt, Activated Charcoal, Shea butter, and seed oil. To hydrate your skin, eliminate blackheads from your face, and open your skin pores efficiently, leaving your skin rejuvenated, clean, and shining.

ORGANIC INGREDIENTS:

Formulated using unique and natural ingredients of Himalayan Pink Salt, sunflower seed oil, and activated charcoal.
